County MFIP Biennial Service Agreement

A. Needs Statement

1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

It continues to be a struggle to engage our clients and help them see the benefit of following through. They often do not comply with their employment plans and may end up in a sanction status. As the old saying goes, "you can lead a horse to water, but you can't make it drink." They are not able to see how things may be better if they could work themselves off the programs.

Another challenge is the lack of resources across the entire county. We are large geographically but not based on population or resources. An current example is our local food shelf in Crookston is closing and relocating to East Grand Forks. That is a positive for our East Grand Forks clients, however they already have a food shelf in their community and it is unknown at this time if another food shelf will be opening in the Crookston community. Imagine telling our clients in Crookston they need to travel 30 miles to the closest food shelf.

Other challenges and barriers include lack of public transportation, lack of daycare providers, chemical, mental, and physical health issues, housing concerns and an increasing language barrier.

2. Besides funding, what is the single biggest challenge you are facing in employment services?

Transportation continues to be the biggest challenge we encounter. Bus and taxi service are available in the two largest communities of East Grand Forks and Crookston but do have limited routes, locations, times, etc. The remainder of Polk County is small, rural communities that lack public transportation. For a client to be able to work, they usually need to have a vehicle of their own to get to and from. Vehicle ownership is expensive and requires costly upkeep.

An additional challenge we have seen over the past few years is an increase in New Americans in the East Grand Forks community. This results in additional time needed to communicate with the client and develop their employment plans due to the language barrier. We utilize the language line as needed and also have a staff who is fluent in four languages to assist with the language barrier.

3. What strengths and resources do you have available to address the needs of your participants?

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

Employment Services Provider(s) Information

Statute 256J.50, subdivision 8: Each county, or group of counties working cooperatively, shall make available to participants the choice of at least two employment and training service providers as defined under Minnesota Statutes, section 256J.49, subdivision 4, except in counties contracting with CareerForce Centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a CareerForce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section G of this form addresses provider choice.

C. Measures

Performance Measures

1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2019 <https://edocs.dhs.state.mn.us/lfserver/Public/DHS-4651F-ENG>. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2019 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2020.

[MFIP Annualized S-SI and WPR report \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

characters remaining

If your service area performed "above" or "within," you can go to item 2.

If your service area performed "below" for 2018 and performs "below" again for 2019, you then will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the multiyear plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

C. Measures (continued)

Racial/Ethnic Disparities

2. A **racial/ethnic disparity** for a service area is defined as a **one-year Self-Support Index** that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in that area. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

[Performance Measures by Racial/Ethnic or Immigrant Group \(PDF\)](#)

If your service area is in the disparity list, please answer the following question:

DHS will work with you to reduce these disparities.

What strategies and action steps for each of the groups with disparities do you plan for the coming biennium?

Polk County has a disparity for the Hispanic population. We work with ALL populations in the same manner. We use the language line for interpreting if needed. We are also fortunate to have 3 Hispanic CareerForce workers as well as 1 Hispanic Eligibility Worker. We rely on these staff to assist as needed with our Hispanic population.

We provide MFIP services and Employment services equally to our Hispanic and non-Hispanic clients. We have work experience options available for ALL clients. Cultural sensitivity training is offered to our staff as well.

E. Collaboration and Communication with Others

1. How many employment services front-line staff are employed in your county or consortium?

How many employment services front-line staff in your county or consortium have MAXIS access?

How many managers/supervisors have MAXIS access?

2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

The County and CareerForce staff meet monthly to staff cases. They review cases individually regarding the services being provided and the progress, or lack of progress being made. They also review coding of clients in Maxis and WF1. We review the WF1 mismatch report at each meeting to determine what updates are needed. This report has been helpful in tracking what is needed whether it be an updated plan, an updated medical opinion form, etc.

The EW and ES Counselor have regular contact throughout the month in addition to our staff meeting. They communicate via the status update but also through email and phone calls.

Before a client is sanctioned, the EW and ES Counselor will scheduled a team meeting with the client in hopes to cure the sanction. If the client misses the team meeting, often times a home visit is scheduled even if the client is a Universal Participant.

The FSS sanction checklist is followed before attempting to impose a sanction on an FSS client which includes a home visit.

The County staff and the CareerForce staff have a very good working relationship. We recently had a training together with DHS staff which helped to get all staff on the same page regarding client requirements. We now have a unified approach to working with our clients and the requirements needed by each entity.

Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions.

1. Describe the activity(s) you will provide.

Provider Choice

Does your county:

- Have at least two employment and training services providers. Go to Section H.
Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
Intend to submit a financial hardship request.

Financial Hardship Request

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

- 1. If the county had a choice of providers in calendar year 2019, describe:
factors that have changed which indicate a financial hardship
why the hardship is expected to persist in the near future and
the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

Empty text box for providing information regarding financial hardship request.

2000 characters remaining

- 2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
the process used to determine the cost of other options (RFP or other county process).

characters remaining

- 3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2019 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2020 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.

In the budget table, indicate the amount and percentage for each item listed for the budget line items for calendar years 2020-2021. Also note:

- Refer the 2020-21 Minnesota Family Investment Program (MFIP) Biennial Service Agreement (BSA) Guidelines Bulletin section, "Allowable Services under MFIP Consolidated Fund."
- Total percent must equal 100.
- MFIP administration is capped at 7.5 percent unless the county is approved for an administrative cap waiver. To apply for the administrative cap waiver, respond to the questions in Section G under Administrative Cap Waiver.
- The percentage of Employment Services DWP budget should be significantly less than, the Employment Services MFIP budget.
- Income maintenance administration is reasonable in comparison to the whole budget.
- Ensure the Emergency Assistance/Crisis Services plan is included if funds are allocated.
- If "other" is used, briefly state or describe the line item. "Other" expenditures include any costs that are not related to administering MFIP, DWP or Emergency program services or atypical costs. All services must be an allowable service under the MFIP Consolidated Fund.
- Email Brandon Riley at brandon.riley@state.mn.us, if you need assistance or have questions with the budget section.
