

# how to make a handwash station

## FOR YOUR HEALTH

*Field handwashing stations can be rented or you can purchase from various sources. They are also easy to build with a few purchased, found, and salvaged materials.*

- 1 WATER CONTAINER**  
*5 gallons of water with an open & close valve*
- 2 SOAP**
- 3 TRASH CAN**  
*with a lid so paper towels don't blow in the wind*
- 4 WATER CATCHING BUCKET**
- 5 DISHPAN**  
*to hold single use paper towels*
- 6 WOOD**  
*to build a base*
- 7 SCREWS**
